6 INCOME TAX WITHHOLDING- To avoid default tax withholding, complete this section.

For Non-Qualified and IRA contracts, we withhold a minimum federal amount of 10% of the taxable portion of any payment and forward applicable taxes to the Internal Revenue Service (IRS) on your behalf, or you can elect to not have us withhold taxes. To withhold a federal amount other than 10%, you must submit the IRS Form W-4R with this request. You can obtain a Form W-4R by visiting the IRS website at www.irs.gov or Pacific Life's website at www.PacificLife.com. If a W-4R is not submitted, or no election is made below, the withdrawal will be processed with 10% withholding.

TSA/403(b) contracts are subject to a mandatory 20% withholding for eligible rollover distributions. RMDs, however, are not eligible for rollover and as such, we will withhold 10% for RMDs from your TSA/403(b) contract unless otherwise specified. However, if you transfer or directly roll over the funds to another TSA/403(b), qualified plan, or IRA, withholding is not required. If you have a 401a, 401k, Keogh or custodial-owned contract, taxes cannot be withheld.

In addition to federal income tax withholding requirements, state income tax, if applicable, will be withheld. If the state requires a specific withholding election form to be used, one must be provided to Pacific Life or any default tax withholding will apply. Choosing not to have either federal or state (if state tax is applicable) income taxes withheld may result in income tax liability when your taxes are filed. Consult your tax advisor for more information.

I am the surviving spouse of the employee or IRA owner, disabled or chronically ill, an individual not more than 10 years younger than the employee or IRA owner, or the child of the employee or IRA owner who has not yet reached the age of majority. I have established this separate Inherited (Traditional or Roth) IRA contract at Pacific Life on a timely basis as set forth by the Internal Revenue Service regulations.
2. I am a beneficiary of the Individual Retirement Account/Annuity (Traditional or Roth) IRA owner indicated in Section 1. I am an individual that is subject to the 10-year deferral option. I may be required to take RMDs, dependent upon the timing of the IRA owner's death.
3. I understand that no additional contributions may be made to this Inherited (Traditional or Roth) IRA contract.
4. I understand that distributions must be taken from my Inherited (Traditional or Roth) IRA using one of the options listed below depending on if the owner died pre-or post-RBD. I understand that if this contract is funded with death benefit proceeds from a Retirement Plan, these distribution options may be limited. Additionally, if the deceased IRA owner died after RMDs had begun, any remaining RMDs for that owner must be taken by the end of the calendar year in which the death occurred.

Inherited IRA (Traditional or Roth)

A. If I am an Eligible Designated Beneficiary (EDB) as defined in the RMD regulations:

1) *Ten-year Rule:*

The entire contract value be distributed by December 31st of the tenth calendar year following the death of the IRA owner. If the IRA owner died post-RBD, then I may be required to take RMDs or

2) *Life Expectancy Rule:*

a) If I set up a separate account by September 30 of the year following the year of the original IRA owner's death, I can take distributions over my single life expectancy, and I must begin taking these distributions by December 31 of the calendar year following that owner's death, unless I am the spouse of that owner, in which case distributions may elect to begin by the later of December 31 of the calendar year following the year of that owner's death or December 31 of the year that owner would have attained RMD Age and may elect the use of the SLT or ULT.

B. If I am a DB as defined in the RMD regulations: The entire contract value must be distributed by December 31 of the tenth calendar year following the death of the IRA owner and RMDs may be required if the owner died after their RBD.
